Rhode Island Fire Academy Training Program Fire & Emergency Service Company Officer NFPA 1021-10 Level I

Course Description: This course is intended for experienced firefighters who are about to be promoted to or have recently become company officers. However, the course may also be of interest to experienced company officers and chief officers who are looking for basic level class officership. The course focuses on introducing the student to concepts of interpersonal dynamics, team building, problem solving, organizational development, leadership, discipline, and administrative matters. There are also modules on safety, tactics, incident command, building construction and control.

Prerequisite: Firefighter 1 & 2 and
Fire Service Instructor 1041.

Date: Monday and Wednesdays
October 24 – December, 2016

Site: North Providence Fire Department
369 Fruit Hill Road
