Rhode Island Fire Academy Training Program

Fire and Life Safety Plan Review

The class will be presented by National Fire Academy instructors.

Course Description:

This course will assist the student in verifying that construction documents comply with applicable building and fire codes for fire protection and life-safety requirements. Subjects addressed in the course include site plan reviews for emergency apparatus access, water supply, and hydrants for fire protection; review of architectural drawings for construction requirements, means of egress for life safety, and fire-resistive compartmentalization; evaluation of heating, ventilation, and air conditioning (HVAC) evaluation of exit illumination and emergency power supplies, and assessment of the need for built-in fire protection systems and smoke control/management systems.

Date: January 14-18, 2019 (Monday – Friday)

Location: Rhode Island Fire Training Academy
4 Green Lane
Exeter, RI 02822

Class Time: 8:00 a.m. – 4:00 p.m.

Cost: Free

Class Size: Limited to 24

Please register before December 21st.
